

Here's the Steeple

The sky's the limit in this **Year of Gratitude**

**A vibrant community. A rich history.
A place of radical welcome. A
community of care. A commitment
to action. A place to live our values
and grow spiritually.**

**Westminster is this and so much
more. As we contemplate settling a
new minister, let us enter this year
with a spirit of gratitude for where
we've been, where we are, and who
and what we want to become.**

**What are you grateful for?
What is that worth to you?
Please give generously.**

Be A Part of Our **'24 Generosity Campaign**

The goal of this year's campaign is to raise enough money to maintain our current programs and prepare for the arrival of our new settled minister in August 2024. With rising costs, we need to raise more money just to maintain what we have. So, if you are already giving your fair share, please consider giving just a little more. If not, let this year be the year you commit to doing your part to support the church.

Open the doors and see all our people

Living our Mission to: Welcome • Connect • Serve

CONNECT- We provide rich opportunities for worship, faith formation and learning. Our gatherings foster deep connections. We are a community of compassion and care, living our values while living green.

SERVE - We serve the community through our outreach ministry program the Sharing Locker, a non-food pantry which provides the basics of living beyond bread and food stamps. We lead in promoting a just world through many social action projects.

WELCOME - We are a spiritual home of wide embrace and support, which we show by flying the Progress Flag and the Black Lives Matter Flag.
